All glass have a moulded mark R Lalique and an engraved mark R lalique France along with the model number 5112

The condition is good however there are a few minor faults
The design is a fine vertical rib and some of the ribs on the feet of 2 glasses have very small chips.
An example is show in the pictures.
Also one of the glasses shows an internal flaw where the cup and the stem join internally
it is partially obscured and appears white.
This has occurred during the manufacturing process. see photo
