

18ct white gold brilliant cut diamond ring

£1,950

Description

18ct white gold brilliant cut diamond ring with diamond setting and shoulder, approximately 0.60 carats total.

The brilliant cut is a diamond cutting style designed to maximise sparkle and light reflection. Featuring multiple facets arranged to enhance brilliance, this cut creates intense sparkle and fire. Popular in round diamonds, it ensures optimal light dispersion, making it a favoured choice for highlighting the gemstone's beauty in fine jewellery.
