

1920s 18ct gold and platinum diamond plaque ring

£1,750

Description

A 1920s 18ct gold and platinum Art Deco diamond plaque ring with old mine cut diamonds.

Old mine cut diamonds, popular from the 18th to early 20th centuries, feature a distinct cushion shape with a high crown and deep pavilion. Their antique charm is characterised by a more subdued brilliance compared to modern cuts. This historic cut reflects a vintage elegance, valued for its unique, romantic sparkle.
