

Novelty Yellow Gold Chick Brooch

£475

REF: 3939

Description

A 1950's yellow-gold novelty chick brooch set with ruby eye and blue chalcedony body.

Chalcedony is a translucent, fine-grained variety of quartz known for its smooth texture and range of colours, including blue, white, and grey. Valued for its aesthetic appeal and versatility, it is used in jewellery and carvings. Chalcedony has been prized since antiquity for its soothing colours and durability.
