

Silver and tourmaline naturalist pendant

£95

Description

Silver and tourmaline naturalist pendant set with two natural verdelite tourmaline crystals on a silver chain. Circa 1970 unknown designer.

Verdelite, also known as green tourmaline, is a striking gemstone celebrated for its vibrant green hues, ranging from pale to deep shades. Found in various locations worldwide, it symbolises prosperity, healing, and balance. Often used in jewellery, verdelite is prized for its durability and unique colour, enhancing its popularity among collectors.
