

Hollywood Regency table lamp

£275

Description

A mid-century Hollywood Regency ormolu and marble column table lamp.

Hollywood Regency is a glamorous interior design style inspired by the luxurious homes of Hollywood's Golden Age. Emerging in the 1930s and flourishing through the 1950s and 60s, it combines theatrical elegance with playful sophistication.

Typical features include lacquered furniture, mirrored surfaces, brass and gilt details, rich velvets, bold patterns and striking contrasts of black, white and jewel colours. Designers such as Dorothy Draper and William Haines helped define the look, mixing classical forms with modern glamour.

Hollywood Regency interiors are deliberately dramatic yet refined, favouring statement pieces, sumptuous materials and decorative flourishes that evoke the confidence and glamour of old Hollywood.

Rewired with brown twisted fabric flex and PAT tested.
