Description

Beautifully handmade Art Deco style, silver cigar or cigarette box. In a heavy gauge of silver, the body and cover are decorated with fine and crisp engine-turned engraving. The cover is inlaid with gold bands, framing the engraved central panels.

In order to keep the cigarettes or cigars fresh, this silver box is lined with cedarwood in the traditional manner and has a movable wood partition.

And of course, this box is not just confined to storing cigarettes. In terms of repurposing, this cigar box is also excellent for storing two sets of playing cards. It is also perfect for converting to a jewellery or desk box. Contact us for details.
