Impressive antique landscape silver photo frame

Charles Henry Dumenil

£3,750

REF: 6741

Height: 360 mm (14.17")

Width: 560 mm (22.05")

Description

This exceptionally large photograph frame was made in heavy gauge sterling silver with a plain wide frontage and its original wooden back. It is a handmade piece with square-cut corners and nicely finished with bevelled glass.

Photograph frames of this size are extremely rare and this example was probably converted from a mirror. The aperture size is 280mm x 480mm (11" x 19")
