Height: 180 mm (7.09")

Width: 310 mm (12.2")

Depth: 270 mm (10.63")

Weight: 2247 g

Description

Georgian style serving dish or entrée dish with a domed lid and applied decorative gadroon pattern mounts. The hollow base holds is filled with boiling hot water through a spout which is then sealed with its plug. Since silver is a perfect conduction of heat, the dish heats up and keeps the food warm. The wooden handles keep them insulated from the heat and easy to carry.
