John Wakelin & William Taylor

£1,250

REF: 9528

Width: 230 mm (9.06")

Depth: 177 mm (6.97")

Weight: 389 g

Description

Late-18th-century silver salver of oval form, mounted on four tapering cast silver supports and decorated with an applied moulded thread pattern border. This salver personifies elegant simplicity and could be incorporated into any table setting, whether traditional or modern.

We've chosen to serve canapés and petit fours but this antique silver salver would be perfect to hold a decanter or a glass.
