Silver-plated wine bottle holder

William Hutton & Sons

£285

REF: 5727

Height: 285 mm (11.22")

Diameter: 115 mm (4.53")

Description

This handsome, late-Victorian, silver-plated wine or Champagne bottle holder and pourer is the perfect accessory for anyone who enjoys and serves wine. The body features nicely hand-engraved sections and bead pattern mounts.

The wine bottle sits on a circular base and the collar slides up and down the adjustable stem to accommodate most bottle shapes and sizes, holding them securely in place. The silver-plated base also serves as a bottle coaster, keeping any dribbles of red wine off the table or tablecloth.

Cheers!
