Height: 30 mm (1.18")

Diameter: 120 mm (4.72")

Description

A particularly pretty matched set of four Georgian silver coasters was made by William Plummer in the late 18th century. The body of each wine coaster features beautifully pierced and engraved leaf and scroll decorations. The top edges are decorated with a fine and crisp bead pattern border and the coasters retain their original wooden bases.

Two of the coasters are engraved with a coat of arms, two have entwined initials JB or IB.
