George III silver beer or water jug

William Shaw II

£4,800

REF: 6405

Height: 195 mm (7.68")

Diameter: 90 mm (3.54")

Weight: 825 g

Description

In excellent and original condition, this is a classic, heavy-gauge antique George III silver beer jug in a design that personifies the style of the period at the end of the 18th century.

Of baluster form and with scroll and leaf mounts, the stepped spreading circular base has a slant gadroon border and the applied moulded rim mount extends around the open spout. Although heavy gauge, it is still comfortable to use with ease and pours perfectly.
