Description

Contemporary and stylish Dartington crystal Pimm's jug with a sterling silver collar and long stirring spoon. The silver lid features a half moon profile so you can pour and filter out any fruit if desired, and the spoon is in a heavy gauge of silver and long enough to make stirring easy.

Of course, Pimm's is not the only cocktail and with a 1 litre capacity this jug is perfect for a whole range of mixed drink; a mojito, Tom Collins, Bloody Mary all taste as good. And it's the perfect jug for simple juices or as a water jug too.
