Antique & Contemporary Silver

Georgian sterling silver stilton cheese scoop

Peter & Ann Bateman

Sold

REF: 3076

Width: 290 mm (11.42")

Description

Antique George III silver cheese scoop or Stilton scoop with carved wood handle in the form of stylised bamboo stem. Shaped like a shovel, the scoop was designed for elegantly scooping an individual portion from a large block of cheese, such as a Stilton. The short curved blade on a long handle is perfect for serving softer or crumblier cheeses.
