Swatkins Group

£8,500

REF: 8250

Height: 80 mm (3.15")

Diameter: 30 mm (1.18")

Weight: 2967 g

Description

Classic, traditional solid silver and silver-gilt (solid sterling silver that is heavily gold plated) chess set of substantial weight and quality with east cast piece hand finished and polished.

This silver and gilt chess set has been created according to the Staunton design - the global standard for chess sets and the only models used in chess tournaments and in serious chess games.

The dimensions given are for the king chess piece and the board shown is not included.
